Finally, on motion of Mr. Saunders, the latter proposition was referred to the Executive Committee of the body for action, though it was the sense of all present, that every Democratic voter in the city should be urged to pay his poil tax by December 14th, on which date the books will close for the year.

It is stated for the benefit of all that those who neglect, or overlook the matter, will be debarred from participation in the municipal primaries and elections to be held for Mayor, Councilmon, &c., next year. There was a large attendance of members last night, and all those on hand showed the deepest interest in the subject.

All do not suffer alike. Some are suddenly seized with the most excruciating pains, and it seems every muscle and joint in the body was being torn asunder. Others feel only occasional slight pains for weeks or months, when a sudden change in the weather or exposure to damp, chilly winds or night air brings on a fierce attack, lasting for days perhaps, and leaving the patient with a weakened constitution or crippled and deformed for all time.

An acid, polluted condition of the blood is the cause of every form and variety of Rheumatism, Muscular, Articular, Acute, Chronic, Inflammatory and Sciatic, and the blood must be purged and purified before there is an end to your aches and pains. External applications, the use of limiments and plasters, do much toward temporary relief, but such treatment does not reach the real cause or cleanse the diseased blood; but S. S. S., the greatest of all blood purifiers and tonics, does cure Rheumatism by antidoting and neutralizing the poisonous acids and building up the weak and sluggish blood. It is safe and reliable in all forms of Rheumatism. It makes the old acid blood rich, and the pain-tortured mus-

Congressman From the Fifth Alabama District Points Out Injustice, But in Vain.

Times-Dispatch Burcau, No. 217 Colorado Building, G and 14th Sts., N. W.

WASHINGTON, D. C., Nov. 23,-The most signal illustration of the affection of this administration for the negro that the American people have yet seen is about to be given. This time It is the Fourth Assistant Postmaster-General who is to follow most closely the lead of Mr. Roosevelt in display of love for the black brother, John Washington. Booker's brother, is to have an office made for him while he waits, and he won't have to walt long. He is to be made the postmaster at an office which is to be established at Booker's

Protest Without Avail.

Representative Thompson, of the Fifth Alabama District, said to be known at the White House as the Booker Washington district, went to see Fourth Assistant Postmaster-General Bristow to-day and protested against the creation of the new office. He called the attention and protested against the creation of the new office. He called the attention of General Bristow to the fact that the school is less than a rate from the present postoffice, and reminded him that it is the announced policy of the Department not to establish any offices within less than a mile of each other. He also called his attention to the fact that there is a school for young ladios in the town not further away from the office than the negro school, and that it is of as much importance as the negro institution. He further objected to the establishment of the new office because it would reduce the salary of the present white postmaster, and would also cause detriment to the patrons of the office, because it would result in the cutting down of the allowance for the maintanance of the office. He sought to impress General Bristow with the fact that the great majority of the patrons of the office are white, and that they would suffer if the office were established at the negro school.
